2. Proof of a swimmer's eligibility must be provided by the **Team**'s GPSA Representative upon request by the Rules Committee.
3. Each **Team** must maintain an up-to-date roster of swimmers, coaches, and certified officials. This roster serves as the official record of certification and must list each official's name and their specific, current certification(s) (e.g., Referee, Starter, S&T Judge). The GPSA Representative is responsible for keeping the roster current throughout the season.
4. **Team** rosters must be submitted no later than one week prior to the start of the GPSA season. Failure to comply will result in a \$25 fine payable to the GPSA.

Note: Specific roster submission format and email requirements are under review and will be updated in a future revision.

3.2 Changing Teams

1. After the season begins, swimmers may only change **Teams** if they:

If a swimmer's ineligibility is extended to previous meets during the current season, those meets shall be rescored to reflect the removal of the swimmer. They shall independently record the order of finish of all non-exhibition swimmers. A sweep judge shall record a tie if a place distinction cannot be made.
2. If both sweep judges' independent record of the order of finish agree, the order of finish shall be entered onto the Place Judge Form to be delivered to the scorekeeper.

3. The sweep judges shall notify the Referee in the event that their independent recorded orders of finish do not match.

1. **Head Timer** — Assure the assignment of Lane Timers to lanes. On the starting signal, start a watch(es) on every race. The time of this watch shall be used if a Lane Timer's watch fails.
2. **Lane Timer** — Officials assigned as Lane Timers may simultaneously operate two dissimilar devices (one watch and one button) but not two similar devices (two watches or two buttons). It is not within the Lane Timer's jurisdiction to judge if the swimmer's touch conforms to the applicable finish rules or if a relay take-off infraction has occurred. Each timer shall:
 - a. Be in position at the start to have an unobstructed view and shall start the watch at the instant of observing the visual starting signal. If the visual starting signal is not observed, the watch shall be started upon hearing the starting signal.
 - b. Stand directly over the assigned lane at the finish to observe a touch above, at, or below the surface of the water and stop the watch and/or push the semi-automatic system button when any part of the swimmer's body touches the wall.
 - c. Report the watch time to the Head Lane Timer or the designated recorder, report if a late or missed pad touch is observed; and, if requested, present the watch for inspection. Lane Timers shall not clear their watches until a command to "clear watches" is given or the Referee signals that the next heat is ready to start.

7.3 Ties

1. In case of ties, points for the tying and next position(s) will be added and divided equally between the tying swimmers.

7.4 Disqualifications

1. When an individual or relay is disqualified, the following places will move up accordingly and points awarded to them.

8. Awards

This section defines the awards system for GPSA competitions.

8.1 Meet Awards

1. The home pool shall award first (blue), second (red), and third (white) place ribbons for all individual events, and first place ribbons (blue) to all participants on winning relay teams.
2. The design of these ribbons will be at the discretion of the home pool.
3. Such awards shall be given to the Coaches or GPSA Representatives after the meet or mailed to the GPSA Representative the following day.
4. Additional ribbons for 4th place or participation may be awarded at the discretion of the home pool.

8.2 Division Awards

1. Trophies shall be awarded to the teams finishing 1st, 2nd, and 3rd in each division.
2. If two teams have identical records, then the winner of their dual meet shall get the top standing. If the tie cannot be resolved by head-to-head records, then the winner shall be determined by adding up total points scored by each team in dual meets against the other tied teams. For example, if teams A, B, and C each have identical records, add points scored for team A in meets against teams B and team C for team A's total. Similarly, add points for teams B and C. The team with the highest point total is the winner. The intent of adding points involving tied teams only is to discourage teams from running up point totals against weaker teams in case of a potential tie.
3. A banner will be awarded to the winning team in each division and the team winning the Championship Meet. The banners will be presented at the Championship Meet to the respective coaches. Teams winning the banners will bring them to the GPSA Board Meeting following the Championship Meet and turn them in for embroidering. The banners will be returned to the respective teams at the following meeting. All banners will be turned in to GPSA at least one week before the Championship Meet so that they are available for presentation at the meet. Lost or damaged banners will be replaced by the team having possession. Banners will be replaced and old banners retired by GPSA every 10 years.
